

## VILLA LA QUIETE

The EBEEC 2022 conference takes place in Villa La Quiete. This Villa is managed by the University of Florence Museum System in order to promote the knowledge of this fantastic cultural heritage. Considered among the most significant buildings around Florence, the area was particularly loved by the Medici family, who owned some of its most beautiful residences here.

Among the works stand out the *Coronation of the Virgin* Sandro Botticelli and workshop, the *Marriage of Santa Caterina* by Ridolfo del Ghirlandaio the *Mystical Marriage of Santa Caterina* by Michele di Ridolfo del Ghirlandaio.

Of interest are the beautiful rooms in which are present art crafts of unmiserable value. The garden is the center of the monumental complex, a place of sociability and wonder in the past as nowadays.

The rich collection of works of art is now enhanced in an exhibition hall inaugurated in 2016.
